

2003 Friend of the Garden Application*

6th Street and Avenue B Community Garden

P.O. Box 20247
Tompkins Square Station
New York, NY 10009

Do you want to become a garden member?

1. You must live in the area bounded by 14th Street, the East River, Delancey Street, and Broadway. If you do not live in this area, you may still become a Friend of the Garden, but you may not receive a plot or become a full member.
2. To become a full member, you must first become a Friend of the Garden. **Please fill out and send this application to the above address, along with a check or money order for \$5, payable to: 6th Street and Avenue B Community Garden.** This puts you on our mailing list, so that you find out about garden meetings and events. If eligible, you will also be placed on the list of people desiring plots.
3. You become a full member when you receive a plot. Plots are given out as they become available to FOG's selected by the Membership Committee *at its sole discretion*. Volunteer hours in the garden may help your chances of getting a plot. There are many ways to get involved. Check the garden for posted events requiring work; ask garden members and heads of committees about their needs and projects.
4. Once you become a member, we expect you to garden and maintain your plot, to give four (4) hours of service per month to the garden, to attend monthly garden meetings, and to abide by garden rules. We take these membership conditions seriously. Be sure you can make this kind of commitment.
5. Please tell us something about yourself. What can you contribute to the garden? Gardening skills are wonderful, but not absolutely necessary—how about administrative skills, bookkeeping, fundraising, legal/paralegal experience, grant writing, carpentry, crafts, community leadership, other groups you're involved with, etc.?

6. The following information is **very important**. (If you move, please let us know.)

Name _____ Date _____

Address _____ Zip _____

Phone (Home) _____ (Work) _____

Email _____

(Saves postage, gets there faster!)

Check if you **DO NOT** want a plot.

space below reserved, not actual size of plot
